This is a pretty little three bedroom country house located near the town of Hinojos, 40 kilometres from Sevilla city and 40 kilometres from Huelva city. This authentic rural cottage style house has a large swimming pool and BBQ area, plus a wooden cabin guest house. It is a certified and licensed Casa Rural guest house. All located in a convenient position on a manageable parcel of land that backs onto the Andalusian countryside and protected forest. Comprising of two units, the main house is currently rented out by the owners as a fully licensed "Casa Rural" and is very popular throughout the year with holiday guests. The smaller second unit is self contained with bathroom and kitchenette and is currently used as a storeroom but has potential for a convenient guests / pool house. Just 5 minutes by car to the town of Hinojos and 25 minutes to the beautiful beaches of the western Costa de la Luz. Seville is just 30 minutes drive away.
